The
ACTION-GROUP
for **SPIRITUALIST**
MEDIUMSHIP

expresses a heartfelt welcome to
the **HERZBERG** (heart mountain) to

the **International**
Spiritualist Federation

For the first time in its long history members of the „International Spiritualist Federation“ (ISF) meet in Switzerland on the Herzberg, invited by the Swiss Action-Group for Spiritualist Mediumship (AGSM). We Swiss mediums are proud to have succeeded in bringing this international organisation of long standing to Switzerland for one of their fraternal weekends. We hope that this joint venture will inspire us mutually and give a boost to spiritualist mediumship in Switzerland.

Greeting message by the ISF president, Ann Luck, GB:

Dear Friends

I wish to thank everyone who have worked on this joint venture between the AGSM and the ISF.

On behalf of the Executive Committee and membership of the ISF I would like to wish you all a wonderful time of learning and growing in Spirit as you work together in love, peace and harmony. May each person find that they move another step forward on their understanding and pathway in life. Enjoy the experience and wonderful atmosphere that you create together.

I apologise for not being able to join you this time but my thoughts will be with you.

Love and Light, Ann Luck, President ISF

Please smoke in the smoking room at the Cafeteria or outdoors only!

Information concerning the meeting

The meetings of the Swiss Spiritualist Mediums are designed to give to working mediums as well as to an interested public the opportunity to get to know each other, to address and exchange personal issues and to provide further education. Everybody interested is invited to take an active part in the event. The meetings are organised and directed by the Action-Group for Spiritualist Mediumship (AGSM) (www.medialität-ch.net).

This year we have the benefit of an extension of the meeting to 9 days by the addition of the "Long Fraternal Weekend" of the ISF.

Bookings until **August 10st 2011** at the latest exclusively with:

How to get there by aeroplane

Arrivals at Zürich-airport

You can get a combined train and bus ticket inside of the airport to “Aarau-Staffelegg”. From the airport there are trains to Aarau, sometimes direct, sometimes you have to change trains at Zürich main station (“Hauptbahnhof”).

From Aarau you have a Bus (nr 135), which goes to Staffelegg, as described above.

Arrivals at Basel-Mulhouse Euro-airport

Make sure that you leave the airport through the Swiss exit – there is another exit to France!

Just in front of the airport you can get a ticket to “Frick-Staffelegg”. You take the Bus nr. 50, which brings you to Basel main railway station. From there you take a train to Frick. There you change to the Bus nr. 135, which brings you to Staffelegg.

If you inform the Herzberg office of your time of arrival beforehand, they can fetch you at the Bus station for a small fee.

Another option is to inform Matthias Güldenstern well in advance of your time and place of arrival; he might be able to organise a cheap private transfer.

If you want to get your tickets from home via internet, you go to: <http://fahrplan.sbb.ch/bin/query.exe/en?&HWA1=JS!ajax=yes!&>.

There you can write **From:** your airport, **To:** Staffelegg and behind (All types) you choose: station/stop. Then you put in your date of arrival and the time (usually at least about half an hour after landing). Then you click on “search connection”. You will be shown 4 different possibilities how to get to “Staffelegg Passhöhe”. Now select the departure time which seems the correct one for you and click on “fare/buy”

Now you get a selection of possibilities (2. Class / 1. Class, adult, reduced price) where you can click on what is correct for you. You are asked to log in, but you don't have to, to get your online-ticket. You just have to fill in your name and birthday. If you travel with several persons together you can put in more than one person.

Hopefully you will find this helpful.
